

Connor Academy PowerSchool Parent Portal Account Single Sign In

The portal may be accessed at: ps.academycharter.net

A page named “Create Parent Account” is available in the PowerSchool Parent Portal and is accessible via **Sign In page > Create Account**. This page allows you to establish your own parent account and provides you with a single point of access for all of your children’s information.

The first section on the page, “Create Parent Account,” is the information necessary to create your account. All fields in this section are required, and include the following:

- **First Name**
- **Last Name**
- **Email** (must be unique)
- **Desired User Name** (must be unique)
- **Password**
- **Re-enter Password**

The second section on the page, “Link Students to Account,” requires that the information for at least one student be provided, and includes the following:

- **Student Name**
- **Access ID**
- **Access Password**
- **Relationship**

You may enter the information for up to seven students. Common data entry errors include not completing all fields, entering an email address or user name that is already associated to another account, or entering incorrect access IDs or passwords.

Account Preferences

A page named “Account Preferences” is available in the PowerSchool Parent Portal and is accessible once you have signed in. Click the **Account Preferences** icon in the top navigation menu. This page allows you to manage your account information, including name, user name, account password, and email address. You can also add additional students to your account, provided you have the access ID and access password.

Email Preferences in the PowerSchool Parent Portal

The “Email Notifications” page available in the PowerSchool Parent Portal has been updated. Once the parent has signed in, click the **Email Preferences** icon in the top navigation menu. This page allows you to customize your email preferences for each student associated to your account.
